About

Jonatan Rasmussen, Master of Science in Human-Centered Artificial Intelligence (DTU).

Engineer specialized in applied machine learning and production-oriented software.

I run a website with 1000+ monthly users and I work comfortably across the stack, primarily in Python and C#.

My background combines statistics, MLOps and software engineering. I am also ISO-certified in project management.

As a recent graduate, I can offer you passion and an eagerness to learn and understand. This also makes me a clean slate in terms of adapting myself to your teams' culture and workflows. I value both my social and technical skills at the workplace.

Skills

Programming Python (PyTorch, Pandas, Flask), C#, C++, .NET, JS, Bash, Git, Github. Unit tests and decoupled code

AI & MLOps Recommender systems, LLM integration, NLP (embeddings), Feature engineering, CI/CD, scrum (agile)

Projects

DTU Courses [🔗 DTU Course Analyzer](#) | *Visited by 5000+ DTU students, all-time most upvoted on /r/DTU subreddit.*
ML-powered course analysis website, made for students at DTU. Authored and maintained by me.
Launched in 2024, it currently has 1000+ monthly users (from Denmark) according to Google Analytics.
It is also on the first page of Google results when searching "DTU courses".

Warcraft Mod [🔗 WoW Weakaura: /say Callouts M+](#) | *24.000 views, 1300 downloads and 200 stars.*
My World of Warcraft interface mod (personal project). It alerts players about lethal combat_log_events.

Education

2024 - 2026 **MSc. Human-Centered Artificial Intelligence** | *Technical University of Denmark (DTU)*
Grade average: 9.3 - Focus areas include Data Analysis, MLOps and Software Engineering.

2020 - 2023 **BSc. Cyber Technology** | *Technical University of Denmark (DTU)*
Grade average: 7.9 - My curriculum mixed Mathematics, Telecommunication and Computer Science.

2015 - 2018 **HTX, Mathematics A and Physics A** | *Zealand Business College, Slagelse (ZBC)*
Grade average: 9.9 - I did voluntary work as a mentor for 9th graders and received a certificate.

Courses

AI & Mathematics [🔗 02476 Machine Learning Operations](#) | [🔗 02807 Computational Tools for Data Science](#)
[🔗 02502 Image Analysis](#) | [🔗 02452 Machine Learning](#) | [🔗 02561 Computer Graphics](#)

Data & Software [🔗 02105 Algorithms and Data Structures](#) | [🔗 02806 Social Data Analysis and Visualization](#)
[🔗 02393 Programming in C++](#) | [🔗 34334 Advanced Data Networks and Cyber Security](#)

Product & Design [🔗 ISO 21500 & ISO 21502 Guidance on Project Management](#) | [🔗 42430 Project Management](#)
[🔗 02809 UX Design Prototyping](#) | [🔗 41010 User Oriented Design](#) | [🔗 41012 Visual Communication](#)
